

Unreal Build Accelerator Evaluation

This questionnaire focuses on the Unreal Build Accelerator (part of the Unreal Horde system) that has been deployed within your team. Please fill in the form according to the experiences you have had with the Unreal Build Accelerator installed on your laptop.

* Indicates required question

1. Email *

2. What is your given participant login name? *
(username used when logging into horde.sigma-erebus.com or hermes.sigma-erebus.com)

3. What is your discipline within the team? *

⌵ Dropdown

Mark only one oval.

- ☐ Producer
- ☐ Designer
- ☐ Programmer
- ☐ Artist

4. What is your specialization within the team? *

Questions regarding the Unreal Horde / Unreal Build Accelerator system

In the following questions, any mentions of "system" will refer to the acceleration system consisting of:

1. The Unreal Build Accelerator (UBA) on your laptop
2. The Unreal Horde server to which the UBA on your laptop connects

The Netbird VPN is not part of what is being evaluated, but if you experience issues with this, please include this in the additional notes

5. 1. I think that I would like to use this system frequently *

Mark only one oval.

12345

Stro

☐☐☐☐☐

Strongly agree

6. 2. I found the system unnecessarily complex *

Mark only one oval.

12345

Stro

☐☐☐☐☐

Strongly agree

7. 3. I thought the system was easy to use *

Mark only one oval.

	1	2	3	4	5	
Stro	☐	☐	☐	☐	☐	Strongly agree

8. 4. I think that I would need the support of a technical person to be able to use this system *

Mark only one oval.

	1	2	3	4	5	
Stro	☐	☐	☐	☐	☐	Strongly agree

9. 5. I found the various functions in this system were well integrated *

Mark only one oval.

	1	2	3	4	5	
Stro	☐	☐	☐	☐	☐	Strongly agree

10. 6. I thought there was too much inconsistency in this system *

Mark only one oval.

	1	2	3	4	5	
Stro	☐	☐	☐	☐	☐	Strongly agree

11. 7. I would imagine that most people would learn to use this system very quickly *

Mark only one oval.

	1	2	3	4	5	
Stro	☐	☐	☐	☐	☐	Strongly agree

12. 8. I found the system very cumbersome to use *

Mark only one oval.

	1	2	3	4	5	
Stro	☐	☐	☐	☐	☐	Strongly agree

13. 9. I felt very confident using the system *

Mark only one oval.

	1	2	3	4	5	
Stro	☐	☐	☐	☐	☐	Strongly agree

14. 10. I needed to learn a lot of things before I could get going with this system *

Mark only one oval.

12345

StroStrongly agree

15. 11. I think this system positively impacted my team’s development workflow *

Mark only one oval.

12345

StroStrongly agree

16. 12. I noticed that the system affected my computer's responsiveness *

Mark only one oval.

12345

StroStrongly agree

17. 13. I think this system positively impacted my personal development workflow *

Mark only one oval.

12345

StroStrongly agree

18. 14. There were times when I found it necessary to disable the system (during work hours) *

Mark only one oval.

12345

StroStrongly agree

19. 15. I could easily tell whether the system was active (either ready to receive tasks or actively running a task) *

Mark only one oval.

12345

StroStrongly agree

20. 16. There were times where I expected the system to be running when it was not *

Mark only one oval.

12345

StroStrongly agree

Build Trace files (Only applicable if you've compiled, built or packaged the project)

For debugging and detailed information, I'd like to request the .uba trace files and logs from any builds performed with the UnrealBuildTool (UBT) and Unreal Build Accelerator (UBA).

With a custom engine these files can be found in:
PATH_TO_ENGINE_ROOT\Engine\Programs\UnrealBuildTool
With a regular engine install, they are found here instead:
%localappdata%\UnrealBuildTool

It is possible that you either don't have this folder on your drive, or the folder is empty, if so, feel free to skip this section.

If you have files in this folder, please create a zip of the files in this folder and upload it below.

21. (If applicable) Upload the zip file of your UnrealBuildTool logs and traces here:

Files submitted:

Shader Trace files

Similar to the previous Build Trace files, the Unreal Build Accelerator can sometimes also assist in accelerating shader compilations. For seeing how UBA assists in this process, I'd like to request the .uba trace files from shader compilations.

These files can always be found at:
PATH_TO_PROJECT_FILE\Saved\Ubacontroller

It is possible that you either don't have this folder on your drive, or the folder is empty, if so, feel free to skip this section.

If you have files in this folder, please create a zip of the files in this folder and upload it below.

22. Upload the zip file of your ShaderCompiler logs and traces here:

Files submitted:

Additional notes

In case there are any additional notes that you'd like to add, please do so here
These can be:
- About the Netbird VPN
- (More details about) Problems you've encountered
- Improvements you'd like to see
- Questions regarding the Horde, Netbird, or the research as a whole
- Or any other remark you have regarding the system's functionality or the research

23. Additional notes:
